1 in 6 Arizonians are affected by food insecurity

FOOD INSECURITY is a condition related to limited or uncertain access to affordable, nutritious food

OUR APPROACH TO FOOD INSECURITY

To alleviate food insecurity, we have partnered with the Double Up Food Bucks program--adapted from the Fair Food Network and organized by Pinnacle Prevention--which provides low-income families access to affordable, fresh produce. Double Up Food Bucks doubles the value of Supplemental Nutrition Assistance Program (SNAP) benefits, also known as food stamps, when purchasing locally grown fruits and vegetables at farmers' markets.
